ABSTRACT

This guide to Colorado education consultants was compiled for parent educators from local education agencies, shelters for the homeless, volunteer organizations, and the Colorado Department of Education. The guide is a directory of individuals available as speakers or instructors for meetings, conferences, workshops, seminars, and inservice presentations. The emphasis of the guide is on parent involvement resources in the areas of bilingual education, Chapter 1 and Chapter 2 of the Education Consolidation and Improvement Act of 1981, migrant education, and the homeless. The guide contains the names of more than 125 Colorado consultants. Each name is followed by: (1) an address and telephone number; (2) the region of location; (3) the program area of expertise; (4) grade level of expertise; (5) languages other than English in which they could present; and (6) topic areas of expertise. "Some parents will follow through automatically with their children at home, once they understand what you're trying to do. But, very often, we need to teach parents to follow through. We can't expect them to do something they haven't learned to do, any more than we can expect it of their children."

-- Kate Long

Introduction

This Resource Guide came about in response to a need for parent educators to assist local education agencies, shelters for the homeless, volunteer organizations, and the Colorado Department of Education in their training efforts. The potential users of the Guide are persons who are involved in setting up meetings, conferences, workshops, seminars, and inservice presentations. The emphasis of the Guide is toward parent involvement resources in the areas of Bilingual/ESL Education, Chapter 1, Chapter 2, Migrant Education, Special Education, and Homeless.

The U.S. Department of Education provided funds for this Resource Guide through an incentive mini-grant and Stewart B. McKinney Homeless Assistance Act award. The activities involved in developing the Resource Guide were: mailing questionnaires to individuals and agencies, compiling information received directly from the respondents, preparing the Resource Guide, and disseminating a copy to each of the local education agencies in the state.

The entries contained in this Resource Guide have been included as received and in no way represent an endorsement by the Colorado Department of Education. The purpose of the Guide is to disseminate information--which may not always be complete--that was given to us directly by the potential parent educators/trainers.

Thanks are extended to individuals and agencies who responded to the questionnaire, to the members of the Resource Guide Committee, to Dr. David Pimentel, Resource Guide Coordinator, and to Dr. Susan Duron, the external consultant responsible for compiling the data and preparing the Resource Guide draft. A special thanks goes to Donna Hurst, Consultant with the Bureau of Migrant Education of the Louisiana Department of Education, who graciously shared her artwork.

For additional information, or to request additional copies of the Resource Guide, contact:

Key to the Use of the Resource Guide

Each of the consultant entries is followed by: address and telephone number, region, program area of expertise, grade level of expertise, languages other than English in which they could present, and topic areas of expertise. In addition, the questionnaires contained three professional references provided by the consultant and additional comments made by the consultants regarding their work. This information is not included in the Resource Guide, but is on file in the Migrant Education Program office of the Colorado Department of Education.
